PROFILE OF CASTANG WINE SHIPPERS

Castang Wine Shippers and Merchants is an independent family business established in 1979. Currently we operate throughout South West England, together with key accounts in other areas of the country. During the past 38 years we have steadily enlarged our portfolio of wines and agencies by increasing our activities firstly throughout Europe and more recently in the new world wineries. Our range now exceeds 350 wines. The business has a wide variety of skills and experience which allows us to offer a comprehensive service together with advice to its clients.

We hope for continued expansion of our activities in the future, mainly in the field of shipping wines and wine related accessories. We enjoy a close relationship with many of the leading growers and estates throughout Europe and also with many producers in new world wineries. We will continue to increase our selections from all wine producing countries and search for exciting new wines.

The main activity of the company is the importation and supply of wines to wine merchants, hotels, restaurants, wine bars and universities together with an active private and corporate clientele list.

SPECIALITIES OF THE COMPANY

Since 1979 we have specialised in the supply of wines purchased direct from growers and producers as well as the more traditional method of purchasing through negociants. We have visited vineyards all over the world to assess the quality of wines and to check methods of vinification. Our regular contact and long term relationships with the growers helps to ensure high quality, thus avoiding badly made and dishonest wines. We would be pleased to help our clients with their plans to visit any of our suppliers. Hopefully our list represents not only genuine value for money but also provides a selection of new, interesting, and unusual wines.

Over the years we have placed much emphasis on the selection of top quality country and house wines. With so many good wine makers around the world combined with modern wine making techniques, it never ceases to amaze us how many anonymous, acidic and overpriced poor quality wines are still available on the market. CAVEAT EMPTOR !!!

SERVICES PROVIDED FOR CUSTOMERS

1. Glass hire is available to all customers subject to replacement costs for breakages.
2. With many years experience, we can offer restaurants and hotels advice on the preparation of wine lists.
3. We are also able to print restaurant customers' wine lists and menus free of charge using the latest print technology. Wine lists can be changed as and when required from individual data base information. This will avoid inaccurate wine lists.
4. The supply of wine racks to various standard sizes together with the possibility of a made to measure service.
5. Gift packs and presentation cases are available on request for most wines. At Christmas we have a recommended selection of gift cartons ranging from single bottle to full cases.

"The risk in the goods shall pass from the seller to the buyer upon delivery of such goods to the buyer. However, notwithstanding delivery and the passing of risk in the goods, title and property in the goods, including full legal and beneficial ownership, shall not pass to the buyer until the seller has received in cash or cleared funds payment in full for all goods delivered to the buyer under this and all other contracts between the seller and the buyer for which payment of the full price of the goods thereunder has not been paid. Payment of the full price of the goods shall include the amount of any interest or other sum payable under the terms of this and all other contracts between the seller and the buyer under which the goods were delivered. Until such payment is received the buyer shall hold the goods on behalf of the seller and shall store the goods in such a way they are identifiable as the property of the seller.
